Allan Ferguson

Route 36
Ohio to Colorado
America's Heartland Highway

Allan Ferguson will take us on a 1,400-mile journey along historic Route 36. We'll snake through the six states of Ohio, Indiana, Illinois, Missouri, Kansas and Colorado and be treated to stories of towns and cities along the way and of tales about the interesting people who lived near this ribbon of highway.

Tracing a path from the foothills of the Appalachians to the soaring Rocky Mountains, Route 36 was once America's way west from the Heartland to the Rockies.

We will experience an astonishing swath of Americana: Native American history, stories of the canals, Annie Oakley's Ohio, baseball great Cy Young's hometown, Abraham Lincoln's Illinois, Mark Twain's Missouri, Walt Disney's Hometown USA (the model for Main Street at both Disneyland and Disneyworld), General "Black Jack" Pershing's boyhood home, the "Unsinkable" Molly Brown homes (both in her hometown in one state and her place of residence as an adult in another), plus the Quilting Capital of America, wineries not to miss, art and sculptures . . . and much, much more.

ALLAN FERGUSON After a classic Midwestern upbringing, Allan left for graduate school at the University of Denver and became involved in Colorado politics through the 1970s. In the 1980s and 1990s, Allan and his wife, Ruth Wimmer, experienced the "American Dream" in business by changing the look of commercial baby toys with their line of black and white infant development products. After selling that business, Allan became known as the leading American expert on budget golf travel to Scotland with four editions of his guidebook, *Golf in Scotland: A Travel-Planning Guide*. When not traveling, writing, or playing golf, Allan works as a guitarist in demand on the jazz scene in Denver.
